

Media Advisory: Hurricane Season Media Alert

17 May 2002

National Hurricane Awareness Week May 19 - 25 Hurricane Season Begins June 1st

Who: Andrew Castaldi, Head of Catastrophe and Perils, Swiss Re
Dr. Gerry Lemcke, Deputy Head of Catastrophe and Perils, Swiss Re

What: With the Atlantic Hurricane season beginning June 1st and the 10-year anniversary of Hurricane Andrew in August, Swiss Re is offering its weather forecasting experts and climactic change and catastrophic damage experts to speak to the media.

Tremendous changes have occurred in Tropical Cyclone research and practices since Hurricane Andrew hit Florida 10 years ago. Swiss Re's experts can speak to all issues surrounding Hurricane Season, including what we've learned from past hurricanes, tips on how to lessen damage from future hurricanes and financial preparedness.

When: May 19 through the End of Hurricane Season

Where: New York, Miami, Atlantic Coast States to Gulf of Mexico States, Mexico and the Caribbean
