# When sound decisions matter, count on Life Guide

Medical advances, breakthrough technology, changing lifestyles – our world's fast pace poses constant new pressures for underwriters to stay informed and compete.

Every day, thousands of underwriters around the world rely on our guide to reach informed, reliable decisions with confidence in the evidence-based research behind them.

As the industry's No. 1 underwriting resource, Life Guide is there to help you create more moments like this – success with your clients and success in helping more people reach financial security.

# In-depth knowledge to extend your expertise

Life Guide is backed by the expertise of Swiss Re underwriters, doctors and actuaries. They monitor the latest medical, regulatory and technical developments, understand the risks, and translate them into ratings that help insurers build a strong, sustainable portfolio that can help cover more lives.

It's good for business. And good for people.

Life Guide has something for everyone:

- ✓ Training material for new underwriters
- ✓ References and evidence for medical officers
- ✓ Accessible guidance for experienced underwriters

# Tools to help simplify complex decisions

Your speed and efficiency count, so Life Guide gives you quick access to images, questionnaires, calculators, ratings, information and more. You can personalize to your style including:

- ✓ Language
- ✓ Market information
- ✓ Favorite links
- ✓ Personal and shared notes

Underwriting is a complex business. Life Guide helps to simplify, with calculators that consider risk factors and produce consistent, quality ratings quickly.

When you need historical context, the content archive also gives you the history to know what ratings were valid for past decisions.
