## Swiss Re Capital Markets structures and places USD 350 million catastrophe bond for Frontline Insurance

**New York, 09 July 2018 – Swiss Re Capital Markets has successfully structured and placed the issuance of USD 350 million of insurance-linked securities by Frontline Re Ltd on behalf of Frontline Insurance ("Frontline"). The transaction is Frontline's debut catastrophe bond and covers named storms in Alabama, Florida, North Carolina and South Carolina.**

Swiss Re Capital Markets underwrote the transaction via two classes of principal at-risk variable rate notes issued by Frontline Re Ltd., a Bermuda exempted company licensed and registered as a special purpose insurer under the Bermuda Insurance Act 1978 and related regulations, each as amended.

The USD 350 million Frontline Re Ltd. transaction represents the largest cat bond of a Florida based (non-government entity) insurance company. The USD 250 million Class A notes and USD 100 million Class B notes have a four-year risk period starting July 1, 2018 and provide protection against named storms. The transaction features an event adjusted attachment level, which for the first time in the cat bond market is based on the event size rank of a named storm within an annual risk period.

Jean-Louis Monnier, Co-Head of ILS at Swiss Re Capital Markets, comments: "Swiss Re is pleased to provide support to Frontline on its debut catastrophe bond issuance. The transaction was well received by investors, and is the largest for a Florida insurer since 2014. The innovative cat bond combines structural mechanics of the Florida Hurricane Catastrophe Fund ("FHCF") as well as features of Frontline's private reinsurance coverage and therefore seamlessly integrates with Frontline's reinsurance program."

Swiss Re Capital Markets acted as sole structuring agent and sole bookrunner for the transaction.

The Frontline Re Ltd. notes were sold pursuant to Rule 144A of the U.S. Securities Act of 1933, as amended (the "Securities Act") and have not been registered under the Securities Act or any state securities laws; they may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject, to the registration requirements of the Securities Act and applicable state securities laws.

## Notes to editors

### Swiss Re Capital Markets

In the U.S., securities products and services are offered through Swiss ReCapital Markets Corporation, a registered broker dealer and a member of FINRA and SIPC. In the European Union, securities products and services are offered through Swiss Re Capital Markets Limited. Swiss Re Capital Markets Limited is authorized and regulated in the U.K. by the Financial Conduct Authority, and benefits from a passport into certain Member States of the European Union pursuant to the Markets in Financial Instruments Directive 2004/39/EC. Swiss Re Capital Markets Corporation and Swiss Re Capital Markets Limited, together "Swiss Re Capital Markets", are wholly owned subsidiaries of Swiss Re Ltd.

### Swiss Re

The Swiss Re Group is one of the world's leading providers of reinsurance, insurance and other forms of insurance-based risk transfer, working to make the world more resilient. It anticipates and manages risk – from natural catastrophes to climate change, from ageing populations to cyber crime. The aim of the Swiss Re Group is to enable society to thrive and progress, creating new opportunities and solutions for its clients. Headquartered in Zurich, Switzerland, where it was founded in 1863, the Swiss Re Group operates through a network of around 80 offices globally. It is organised into three Business Units, each with a distinct strategy and set of objectives contributing to the Group's overall mission.

### Cautionary note on forward-looking statements

Certain statements and illustrations contained herein are forward-looking. These statements (including as to plans, objectives, targets, and trends) and illustrations provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to a historical fact or current fact.

Forward-looking statements typically are identified by words or phrases such as "anticipate", "assume", "believe", "continue", "estimate", "expect", "foresee", "intend", "may increase", "may fluctuate" and similar expressions, or by future or conditional verbs such as "will", "should", "would" and "could". These forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause the Group's actual results of operations, financial condition, solvency ratios, capital or liquidity positions or prospects to be materially different from any future results of operations, financial condition, solvency ratios, capital or liquidity positions or prospects expressed or implied by such statements or cause Swiss Re to not achieve its published targets. Such factors include, among others:

- the frequency, severity and development of insured claim events, particularly natural catastrophes, man-made disasters, pandemics, acts of terrorism and acts of war;
- mortality, morbidity and longevity experience;
- the cyclical nature of the insurance and reinsurance sectors;
- instability affecting the global financial system;
- deterioration in global economic conditions;

- the effect of market conditions, including the global equity and credit markets, and the level and volatility of equity prices, interest rates, credit spreads, currency values and other market indices, on the Group's investment assets;
- changes in the Group's investment result as a result of changes in the Group's investment policy or the changed composition of the Group's investment assets, and the impact of the timing of any such changes relative to changes in market conditions;
- the Group's ability to maintain sufficient liquidity and access to capital markets, including sufficient liquidity to cover potential recapture of reinsurance agreements, early calls of debt or debt-like arrangements and collateral calls due to actual or perceived deterioration of the Group's financial strength or otherwise;
- any inability to realize amounts on sales of securities on the Group's balance sheet equivalent to their values recorded for accounting purposes;
- changes in legislation and regulation, and the interpretations thereof by regulators and courts, affecting us or the Group's ceding companies, including as a result of shifts away from multilateral approaches to regulation of global operations;
- the outcome of tax audits, the ability to realise tax loss carryforwards, the ability to realise deferred tax assets (including by reason of the mix of earnings in a jurisdiction or deemed change of control), which could negatively impact future earnings, and the overall impact of changes in tax regimes on business models;
- failure of the Group's hedging arrangements to be effective;
- the lowering or loss of one of the financial strength or other ratings of one or more Swiss Re companies, and developments adversely affecting the Group's ability to achieve improved ratings;
- uncertainties in estimating reserves;
- policy renewal and lapse rates;
- uncertainties in estimating future claims for purposes of financial reporting, particularly with respect to large natural catastrophes and certain large man-made losses, as significant uncertainties may be involved in estimating losses from such events and preliminary estimates may be subject to change as new information becomes available;
- extraordinary events affecting the Group's clients and other counterparties, such as bankruptcies, liquidations and other credit-related events;
- legal actions or regulatory investigations or actions, including those in respect of industry requirements or business conduct rules of general applicability;
- changes in accounting standards;
- significant investments, acquisitions or dispositions, and any delays, unexpected costs, lower-than expected benefits, or other issues experienced in connection with any such transactions;
- changing levels of competition, including from new entrants into the market; and
- operational factors, including the efficacy of risk management and other internal procedures in managing the foregoing risks and the ability to manage cybersecurity risks.

These factors are not exhaustive. The Group operates in a continually changing environment and new risks emerge continually. Readers are cautioned not to place undue reliance on forward-looking statements. Swiss Re undertakes no obligation to publicly revise or update any forward-looking statements, whether as a result of new information, future events or otherwise.
