

## Asset Management

# Financial Markets Programme

Ready? Set? Your future starts today!

We offer an exclusive programme for highly motivated individuals looking to start a career in asset management with a long-term investor that is committed to investing responsibly. Join our Financial Markets Programme (FMP) and start making the world more resilient.

### About the Programme:

- A global team of analysts working along Swiss Re's entire investment process
- Series of mutually designed rotations for you to learn and gain exposure to our key activities and leaders
- A role model for collaboration, agility and diversity

### What you'll get: A springboard for your career

#### Deep and broad learning

- Custom development plan
- Technical and communication skills
- Cross-functional thinking

#### Personal development

- Tailored training, coaching and mentoring
- Continuous feedback
- Support for your next career step

#### Exposure and career prospects

- Establish connections with senior leaders
- Build-up strong reputation
- Be recognised as a key talent for Swiss Re

### Your main contact

#### Laurent Degoumois

Head Financial Markets Programme  
Swiss Re Group Asset Management

### What you'll do: Drive our long-term investing activities

From day one, you'll navigate through a dynamic environment and make meaningful contributions together with colleagues across the firm

#### Your focus:

- Perform financial market analysis to inform investment decision-making
- Shape our strategic asset allocation to generate sustainable value for Swiss Re and its business units
- Strengthen our lead in Responsible Investing

### What we're looking for: Highly motivated and driven individuals

#### You bring:

- A passion for financial markets
- Strong desire to explore the field and learn fast
- An analytical and global mindset with intrinsic drive
