From Vision to Resilience, heading Healthy China 2030

John Chen, Head China, Swiss Re
Winnie Ching, Head Life & Health North Asia
Hairong Huang, Head of SRI China Centre
24 October 2019, Beijing
Winnie Ching
Head Life & Health North Asia
Implement a comprehensive prevention and control strategy for chronic diseases on a national level. Strengthen the screening and early detection of chronic diseases, carry out early diagnosis and early treatment of key cancers.... Gradually incorporate appropriate techniques on early detection and diagnosis ... such as cancer into the diagnosis and treatment routine. ... By 2030, the health management of chronic diseases for the entire nation and the whole life cycle will be achieved, and the overall 5-year cancer survival rate will increase by 15%.

Part III: Optimizing Health Services, Chapter 7: Strengthening Public Health Services, Section 1: Prevention for Major Diseases

Challenges and opportunities facing the insurance industry

Product Design and Coverage Term
- Long coverage term on level premiums basis
- Trends of cancer incidence and evolving of survival rates evolving

Development of Medical Sciences
