

# Magnum Select

Flexible underwriting rules for optimization of your underwriting portfolio. Power your growth with automation.

Magnum Select is a cloud-based automated underwriting solution offering more flexibility. Magnum Select is the quick, easy, and efficient first step towards more advanced underwriting automation.

## The Opportunity

- The technology revolution in the insurance industry offers vast growth potential.
- Customers expect more engaging experiences, intuitive and fast processes.
- Margins are under pressure with increased competition, maxed out underwriting capacity and comparing websites.

## The Solution

- The leading automated underwriting Solution.
- Designed by underwriters for underwriters.
- Swiss Re's unrivalled insights and expertise.
- A SaaS solution for broad and fast digital adoption.
- Flexible rules to optimize your portfolio.
- Lean implementation process. Up and running within weeks not months.

## The Benefits

- Drive sustainable growth.
- Helps you stay more relevant, meeting even more demanding customers expectations.
- Evolves as you evolves.
- Expands your underwriting capacity and enhances your risk assessment capabilities.
- Provides more flexibility around underwriting rules philosophy.
