

## Swiss Re enlarges its Executive Board

3 Jun 1999 CET Press Release

**In expanding its Executive Board, Swiss Re is reorganising its staff functions Communication (CC), Human Resources (HG) and Information Technology (IT).**

Communication and Human Resources will be paired in the Corporate Communication and Group Human Resources division. The new unit will be headed by **Walter Anderau**, who will also manage the Rüschlikon Seminar Centre project, due for completion at the end of 2000.

**Yury Zaytsev** will head the existing Information Technology unit as division manager.

Swiss Re considers both of these divisions to be crucial to the success of a multinational service corporation. Upgrading key staff functions to division level simplifies processes and will reduce management workload, allowing resources to be focused on Swiss Re's "Triple 20" optimisation programme.
