

We're smarter together

Offshore Windfarms

Greg Schiffer, Head Global Engineering, Swiss Re

Paris June 5, 2018

Selected Engineering Insurance Trends

Renewable energy is increasingly relevant for our industry

The construction of an offshore windfarm comes with a complex set of risks

- demanding technical requirements
- construction risks
- high costs
- extreme (marine) weather conditions

Offshore Code of Practice

- Swiss Re led the task force to jointly develop Code of Practice

The French government has an ambitious target for renewable energy leading to opportunities for insurers

**Horizon
2030**

**Offshore
Wind
Capacity**

6'000 MW

**EUR
14bn**

investments
